

EXHIBITION GUIDE

Full-fledged

MIFF returns as a full physical show

South-east Asia's largest furniture trade show, the Malaysian International Furniture Fair, returns fully fledged in 2023, from 1-4 March at the Malaysia International Trade and Exhibition Centre and World Trade Centre Kuala Lumpur.

Buyers from more than 140 countries and regions are expected to converge on MIFF to explore its extensive range of domestic and commercial furniture, as well as components. New design trends, market demands, potential business leads and an array of price points means a rewarding experience for visitors.

More than 500 industry players such as Artwright, Ecomate, Favourite Design, Future Manufacturer, Hevepac, Isella Sofa, Ivorie International, Johann & Joann Concept, Living World, Luxury Sleep, Mobilia International, Oasis Furniture and Zenith Projects will be exhibiting and showcasing their latest furniture products and reconnecting with buyers during the March Asia furniture sourcing season. With Malaysia opening up its international borders and granting quarantine-free measures to travellers, international buyers can freely immerse themselves for their furniture-sourcing trip. For first-time international buyers the show offers a three-night complimentary hotel stay via the MIFF Valued Visitor Privilege programme.

Visitor registration is now open: register before 15 February to gain free access to the show, International Buyers Lounge, Gala Dinner and competitive hotel and airport transfer rates.
